Elated over their ability to break the "Clewiston Jinx" last Friday night the Pahokee Blue Devils will travel to Pompano this Friday night in high hopes that a victory over the Beaniepickers will be the second step into another successful season.

Coach Webb Pell reports his squad in good condition for the fray with the exception of Center Harry Sheppard, who has a fractured vertebrae and probably won't be able to play for at least six weeks, and Fred Blakey, second string fullback who is also on the injured list.

The Beaniepickers, who have always defeated Blue Devil teams except for last year's conference champions, were downed 20-0, in their opener outside the conference with the South Broward Bulldogs last Friday night but are expected to give the Blue Devils plenty of trouble tonight. Pell expects to use the same starting lineup as he did in the opener against Clewiston. The team will be accompanied to Pompano by Bandmaster Robert O. Lampi's marching Pahokee High School Band.

In the opener with the Clewiston Tigers on Lair Field Friday night 'he Blue Devils had to work hard for the 14-7 win that broke the jinx which had been riding them to defeat in openers for the past five years.

Here Is What Transpired At Monday's Meeting Of The Palm Beach County Commission

Modification of plans and a new call for bids for a county Health Center at Pahokee was ordered this week by the county commission.

County Engineer Steve Middleton told the board that architects are now revising the plans—particularly on inside furnishings—to make the project fit the \$20,000 construction fund which has been set aside for this work.

Last week the commission received two bids on the project both of them exceeding the amount of the county's construction fund.

The health center is being built with city, county and federal funds. In another action concerning the commission's capital improvement program, the board set a hearing for October 24 on a proposed certificate of indebtedness project which will give the board \$750,000 for its construction program.

The money will be used to build a county office building in the Everglades, a new children's home; furnish and equip a section of the courthouse now being remodeled and construct additional office facilities for the court-house office building on Datura Street.

The board also:

Agreed to lend voting machines to the City of South Bay for an Oct. 4 election.

Authorized a grant of 10 acres of land near Boynton Beach as a site for a new proposed hospital in the south end of the county.

Heard that the master plan for developing John Prince Memorial Park would be ready for consideration in about three weeks.

A five year agreement for a taxi cab concession at International Airport—with payment of \$10,000 a year to the county—was being considered by the county commis-

sion this week.

The agreement was suggested by the Yellow Cab Company, holders of the present concession which the firm bid in by paying the county a 35 percent share of cab revenue from the airport.

County Commissioner Kenneth Foster said the new agreement of \$10,000 a year with all the present lease provisions including control of cab rates, would be commensurate with revenue the county now receives through the percentage franchise.

The board also took under advisement a similar negotiation with three national auto rental agencies seeking to operate from the airport on a monthly rental basis. The agreement would net from \$5,000 the first year to nearly \$11,000 in the final year of the three-year lease.

Mr. and Mrs. Perry Duke and son, Collins, have returned from a vacation spent at the beach.

Mrs. A. R. Chastain read an agreement from the Florida East Coast Railway in which FEC gives the Gardenia Circle permission to use its right-of-way from the West Palm Beach Canal bridge at Canal

Point north to the Palm Beach Research Farm in a proposed beautification project. It was announced the propagation of palms, ornamental shrubbery and small trees for use in roadside beautification projects has been started.

The Circle's newly completed slat house at the Palm Beach Research Farm was dedicated at the meeting. The group plans to use the slat house for the growing of rare potted plants, including anthuriums and aloccasias, useful in home decorations. The sale of these plants from time to time to the public will become one of the circle's chief fund-raising projects.

From where I sit... by Joe Marsh

...Makes a Man Healthy,
Wealthy—and Tired!

Sandy Peterson's nephew Pete has gone back to college. He worked on Sandy's farm a couple of months last summer to get hardened up for football.

He seemed to enjoy farm life all right—but like most city kids he took him some time to get used to a farmer's schedule.

Sandy claims that when he went in to wake Pete—on the first morning—the boy looked up startled and asked what time it was. Sandy replied it was four-fifteen. "Gee," Pete murmured, "if we're going to do a day's work tomorrow you'd better get to bed!"

From where I sit, we must have heard a million stories like that. But they show how some people assume their customs are the only proper ones. To most city folks getting up at 4:15 seems odd, because they don't do it. Just like some people don't think enjoying a glass of beer is "right"... because they happen to prefer another beverage and haven't waked up to the fact that everyone has a right to his own choice.

Choosing "Palm Beach County Affairs" as the subject for his talk, Rardin told the Lions how the tax money is spent, giving details on some of the projects such as farm-to-market roads, agricultural encouragement, welfare work and TB control and treatment. The speaker said the \$4,000,000 road and bridge program being planned for Palm Beach County will be paid for with funds received in the county's share of the state gasoline tax, without

increasing local taxes.

The club completed plans for sponsoring a benefit football game between two Negro teams, the Attucks High at Dania and the Lake Shore High at Belle Glade, to be played on Lair Field in Pahokee, Thursday, Sept. 29, at 8:15. Admission will be one dollar for adults and 50 cents for children.

It was announced club members have been invited to be the guests of the Pahokee Rotary Club at a luncheon meeting Wednesday, Oct. 12, when U. S. ONE OF 17 MODELS—Advanced front end and side styling of the new 1956 Ford is emphasized in this view of the Sunliner convertible, one of 17 new body styles which Ford dealers will place on display next Friday, September 23. The grille has been widened and lengthened, and parking lamps have been worked into chrome housings which extend around the sides of the fenders. A new-style hood ornament is recessed above the special Fairlane Ford crest. On the fender is the new ornament indicating "Thunderbird power", which is standard in Fairlane models with the Y-8 engine.

SEDAN IN THREE SERIES—The four-door sedan, traditional American family car, is offered in three series by Ford for 1956—Fairlane, Customline and Mainline. Above is the Customline four-door in one of the 21 two-tone paint combinations offered on models which will be displayed by dealers Friday, September 23. A lower roof line, restyled grille and parking lamps, a new design of body side moldings are among 1956 Ford appearance changes. Thunderbird Y-8 engines in Fairlane models develop 202 horsepower for Fordomatic drive, or 200 hp for overdrive or conventional drive. In the Customline and Mainline, Y-8 engines produce 176 hp for Fordomatic, or 173 hp for overdrive or conventional drive. The 137 hp Ford I-Block six also is available in all models with all transmission types.

LIFEGUARD DESIGN—A mother makes sure that her son is securely seated in a 1956 Ford Sunliner. The new Fords, which will be shown to the public Friday (September 23) incorporate five safety features in a "lifeguard design" intended to reduce chances of accidental injury. On all new Fords, safety-designed steering wheels, door latches and rear view mirrors are standard equipment. Wheels are designed to absorb force if the driver is thrown forward, reducing the chance his chest might strike the steering column hub. Safety door latches (lower left) will resist crash impact, and help keep passengers inside the car where they are twice as safe, according to research figures. Mirrors have a special backing to help prevent shattering. Optional seat belts will withstand up to 4,000 pounds of force. Optional crash cushions for instrument panels and sun visors will provide added protection if a passenger is thrown forward.

**Make your dream house come true! It's easy
—through Payroll Savings!**

If you think you can't own the home of your dreams because the down payment's too steep, chances are you've never tried the Payroll Savings Plan. Because this is the easy, automatic way to meet any down payment—for a house or any large purchase.

Just do this: Sign a Payroll Savings application at your pay office, naming a certain sum to be kept aside from your pay before you get it each week—a few dollars or as much as you want. After that, you're saving *automatically*—nothing to worry about, nothing to do. And, best of all, the money saved out of your pay each week is automatically invested for you in U. S. Series E Savings Bonds.

Because Savings Bonds earn solid interest—3% cumulative semiannually when held to maturity

—the few dollars saved from your pay each week soon grow into big generous amounts. For instance, if you sign for \$12.50 a week, in just five years you'll have \$3,348.95 cash. In 9 years, 8 months, you'll have \$7,217.20!

So don't let down payments get you down. Meet your needs for ready cash the way more than 8 million other Americans are meeting theirs—join the Payroll Savings Plan today. Or, if you're self-employed, invest in Bonds regularly where you bank. Start now to make your dreams come true!

If you want your interest as current income, ask your bank about Series H Bonds, which pay interest semiannually by Treasury check.

Choose your own savings goal

	If you want approximately		
	\$5,000	\$10,000	\$25,000

Start with for 19 years and 8 months, save.....	\$5.75	\$7.00	\$18.75

This chart shows only a few typical examples of savings goals and how to reach them through Payroll Savings. Remember, you can save whatever you wish, from a couple of dollars a pay period up to as much as you want. The important thing is, start your Plan today!

Miss Gaye Schoepfel Weds Milton Wilson

Miss Gaye Schoepfel, daughter of Mrs. John Clarence Schoepfel of Pahokee, and Milton Hull Wilson, son of Mr. and Mrs. W. R. Wilson, also of Pahokee, were united in marriage in an impressive double ring candlelight ceremony at the Pahokee First Baptist Church Saturday, Sept. 17, at 4 p. m. Officiating at the ceremony was the Rev. James E. Boyd, pastor, assisted by James Merrill, who until recently had served as interim pastor.

The altar, lighted by pastel blue tapers in four branched candelabra, was decorated with floor baskets of blue tinted gladioli and palms and the pews were marked with blue satin ribbon bows. A single candle surrounded by fern and caryanthemums was at each window.

Farris Kincaid, soloist, sang "O, Promise Me," "I Love You Truly" and "The Lord's Prayer." Miss Margaret Powell, pianist, played nuptial selections and the traditional wedding march.

The bride, given in marriage by her brother, Jimmy Schoepfel, wore a gown of white French chantilly lace and nylon tulle over white satin. The fitted lace bodice had a V-neckline edged with folds of nylon tulle and the lace sleeves were pointed at the wrist. The bouffant-style skirt of nylon tulle fell into a cathedral train and was highlighted with an overskirt of chantilly lace, forming a peplum effect. A matching lace headpiece trimmed with seed pearls held her six-tiered French illusion veil. A heart-shaped pin outlined with pearls, a gift from the bridegroom, was her only ornament. She carried a white prayer book with satin streamers topped with a white orchid.

The bride's attendants, Miss Donna Gail Jensen, maid of honor, the Misses Annette McIntosh, Corine Collins, Kay Friend and Jeanine Mock, bridesmaids, Susan Schoepfel and Marilyn Mock, junior bridesmaids, and Merry Ann Friend, flower girl, all wore taffeta gowns of various tints of blue fashioned identically. The fitted bodices with V-shaped necklines had folds of net around the neckline and the full taffeta overskirt extended over matching net. The gauntlets were of matching taffeta and the headpieces of matching net. Each wore a pearl choker and carried a fan-shaped bouquet of white carnations against a background of net.

Randy Wilkinson, ring bearer, was in a white Palm Beach suit and carried a white pillow bearing blue ribbon rosettes.

W. Roscelle Wilson was his son's best man. Elmer B. Elliott, John Williams, Pat Turbeville and Bill Hatton served as ushers.

Mrs. Schoepfel chose for her daughter's wedding a floor-length dress of mauve lace and nylon tulle with matching accessories, while Mrs. Wilson, mother of the bridegroom, wore a rose-tone nylon chiffon dress with matching accessories. Each wore a purple orchid corsage.

At the reception given by the bride's mother, Mrs. Schoepfel, in the Woman's Club building following the ceremony Mrs. Elmer B. Elliott was in charge of the bride's book. The Misses Faye Mackey and Mary Arthur Kirk presided at the punch bowl while Miss Kay Mauldin served portions of the wedding cake. Miss Judy Shackford played soft piano music during the reception.

For travel the bride changed to a two-piece navy taffeta ensemble with black accessories and wore a white orchid corsage. Following their honeymoon Mr. and Mrs. Wilson will make their home in the Unwin duplex on Flame Avenue, Pahokee.
